What We Are Learning

Religion: This week we are learning about The New Passover and the Eucharist.

Reading/Writing: We will continue to read and learn about ways to help our planet. On Friday we will review the unit and summarize what we learned about how we can make a positive impact on the environment. We are beginning to talk about the Experts Fair which will fill a majority of our writing block. Keep an eye out for more information.

Math: In math we will be learning how to multiply and divide decimals! This can be challenging, so please check in with your students throughout this chapter. I will continue to use quizzes during this unit to guide our pacing.

Social Studies: Over the next few weeks we will be exploring topics about the earliest Americans. Students will learn how geography influenced migration and analyze various timelines.

Science: In science students are making modifications to their vehicles to observe how this impacts movement. They are currently designing models to add sails to their vehicles.

Weekly Prayer

O my God, I firmly believe that Thou art one God, in three Divine Persons, the Father, the Son and the Holy Ghost; I believe that Thy Divine Son became man and died for our sins and that He will come to judge the living and the dead. I believe these and all the truths which the holy Catholic Church teaches, because Thou hast revealed them, Who canst neither deceive nor be deceived.
