What We Are Learning

Religion: We will be learning about the nature of sin and the promise of salvation. Students will also be exploring ways to live out our Catholic faith in our daily lives.

Reading/Writing: Our current reading and writing unit has a focus on inventors and their inventions! Next week, students will pick which inventor to research and write about for their first essay. In reading we will be focusing on comprehension skills such as: cause and effect, central idea, and looking at various text structures.

Math: Our first chapter for math was a short one! Next week we will be wrapping up with a few more lessons on place value with decimals and whole numbers through the millions. The test for this chapter will be on **Tuesday 9/24**. Students will have resources to study at school and at home to prepare.

Social Studies: Next week we will be working with maps to learn more about Geography.

Science: Motion and Design is our first unit for science! Students will be working together to design a vehicle.
