What We Are Learning

Religion: Our fourth week in Unit 1 we will be focusing on how God directs our lives. We will also be exploring the Beatitudes. A majority of our time will be spent preparing for mass on Friday.

Reading/Writing: Next week we will be starting Module 2: What a Story. We will be reading a few informational texts as well as several fantasy/adventure stories throughout the module. We will continue to work on writing an expository essay about an inventor and one of their inventions. The *goal* is for this to be completed by the end of next week. In consideration of limited time with computers, that deadline is flexible. **Students MUST approve their inventor with me.**

Math: Chapter 2 on Whole Numbers is in full swing! We are practicing prime factorization, powers, and exponents. This aspect of math can be tricky so we will be doing a LOT of practice. Please do not hesitate to reach out to me!

Social Studies: Next week we will continue to learn about Land and Regions in our Social Studies textbook. Students will be learning new vocabulary and practice reading different types of maps

Science: Students will continue working on engineering a variety of vehicles.
